Case A

Requirement

1. Character variables from csv import are not coerced to factors.

Test case

- Setup: Save the first 10 rows of `palmerpenguins::penguins` to the new folder `validation/testdata` as file “`rpharma_pp.csv`”.
1. Read in the file `validation/testdata/rpharma_pp.csv` and save as `this_pp`. Verify that the variable `species` in `this_pp` is of class `character`.

Test result

Test	Results	Pass/Fail
TC_A1.1	As expected	Pass
